**CLASS DESCRIPTION:**

This class is available to those who have already completed Reiki 1 & 2 Training in person from any qualified Reiki Master.

By far the most powerful of the three, this Reiki level 3 class is perfect for those Reiki Practitioners who wish to increase their Reiki energy and work at the Master Level. It is thought by many to be the most exciting and powerful part of this amazing healing system. Reiki Masters are rapidly spreading Reiki throughout the world, and can be found currently bringing Reiki into private practice, healing centers, hospices, clinics, world class spas, and even hospitals. In this training workshop you will receive the master attunement which dramatically increases the flow of your reiki energy. You will also receive new reiki symbols to work with and instruction on how to utilize these and the other symbols, tools, and techniques for increased healing. In this class you will receive written instructions and direct guidance on how to give Reiki 1, 2 & 3 attunements to others, even though practice time for passing attunements will not be given in this class due to other instructions that will be given and must be practiced at home first. The main focus of the teaching in level 3 is on Healing The Spirit.

This master level course is complete in and of itself and will allow you to practice on your own and give reiki attunements and teach without taking any further teaching instruction if you choose to do so. Many who never plan to teach also take this course in order to complete the training and have all of the advanced tools for healing themselves and others. You will receive a master manual and master certification.

Upon completion you will become certified as a REIKI MASTER
